Aims of NHC Foundation TEFL

The aim of NHC- Foundation TEFL Certificate is to provide a comprehensive course which includes a balance between the theory and methodology of Teaching English as a Foreign Language. The course thoroughly prepares you to successfully teach different age groups in different teaching settings since it incorporates teaching young learners and teenagers and teaching literature.

Benefits

The course can be accomplished in 2 weeks. It covers the core syllabus of the full 130 Hour TEFL course, but in less depth. One of the many attractive features of this online course is that you will have the flexibility of proceeding at your own pace.

A Greater Depth of TEFL Knowledge

NHC School of Teacher Training presents a full range of Online TEFL Certificate Programmes that address the practical and theoretical needs of novice and experienced teachers. The courses vary in duration, study method and price. All of the courses use the same core materials.

Our Online TEFL Certificates are designed for individuals who wish to travel & teach English internationally or locally. The programmes aim at developing and exceeding the required skills, confidence and ability to teach EFL/ESL effectively.

Studying tips

When you sign up for an online course you choose to be your own tutor. You are usually assigned a time frame to complete all the modules; however, you work at the pace you set. This means you can finish before the allotted time, or you can ask to extend your studying period. Once you enroll, you can access Notting Hill College Learning Management System (NHC-LMS) where you will be able to download course materials, access your quizzes and exam section, and order your certificate. The length of time it takes to complete the course depends on your other commitments. The average duration to finish a Foundation TEFL Course is 1 month. Bearing in mind that it takes 5.5 or 6.5 hours usually to assimilate the materials and finish the task sheets, 10 hours to finish quizzes and 15 hours to finish the task-based exam. However, we recommend one module per day to give you time to effectively absorb the materials and get the maximum benefit from your course. At this pace, you can complete the course whilst giving you enough time to thoroughly learn the materials. But the choice is completely yours.
